## Addendum # 1

### For

#### **REQUEST FOR QUALIFICATIONS (RFQ) FOR ON CALL PROFESSIONAL ENGINEERING AND DESIGN SERVICES**

#### **AND**

#### **PROGRAM MANAGEMENT SERVICES FOR TRANSPORTATION AND INFRASTRUCTURE PROJECTS**

1. The Submittal Instructions (page 8) indicate the CID wants 5 copies of the technical proposal delivered to **1100 Abernathy Road**. However, the last portion of this section says, “electronic submittals will be allowed.” Are electronic submittals and physically delivered copies permitted? Does the CID have a preference?
  - *To clarify, the PCID requests all proposers **must deliver 5 hard copies as described in order to be responsive to the RFQ.** Firms may also submit electronically, however that is not mandatory.*
  
2. Is a cover letter counted in the 15-page limit?
  - *No.*
  
3. Where would you like the GDOT Prequalification Certificates in the proposal?
  - *At the end of the proposal. Certificates do not count as part of the 15 pages.*
  
4. Must tabs and sections headings mimic the RFP format or can local office and availability, specifically, be addressed where best fits in other sections
  - *Proposal does not have to mimic the RFQ.*

Acknowledgment of Addendum #1. Please sign and include in the Proposal.
